

I love listening to K-love. I have two children who are 12 and 17 and for them to love to listen to K-love is a blessing. There is just so much bad music out there today, it is nice to know there is a great station like K-love to listen to.

To remove K-love from the radio would be terrible. Christian music is great and helps keeps me and my kids grounded. Please do not take K-love away.
